# Welcome to the 2025 ST15 Directory

Welcome to the 2025 edition of The ST15 Directory, a companion publication for the Stone & Eccleshall Gazette.

The ST15 postcode covers Stone, plus Hilderstone, Oulton, Moddershall, Swynnerton & Yarnfield.

We print 10,000 copies of this directory, and deliver them to homes and businesses within the ST15 postcode area.

The directory gives you instant access to all the local telephone numbers and website addresses you'll ever need, plus it's crammed full of **local businesses and tradespeople**, very handy for when you next need a plumber, electrician, or maybe a new car perhaps?

If you ever misplace this copy, you can find an online version at [www.st15directory.com](http://www.st15directory.com)

If you run a not for profit organisation that we have not listed, or if for any reason the number or website we have published is not correct, please email [hello@st15directory.com](mailto:hello@st15directory.com) and we will amend it for the 2026 edition.

Similarly, if your business hasn't been included, and you'd like it to be, email us and we'll get back to you with the advertising costs.

# WELCOME TO STONE & LOCAL PLACES OF SPECIAL INTEREST

Enjoy exploring Stone and its' many places of historic interest, boutiques, stylish places to eat, drink, exciting festivals and specialist markets.

## STONE PAST AND PRESENT

Stone's existence as a small settlement with a church, situated alongside the river Trent, was recorded as early as 670AD. The church was replaced in 1135 by an Augustinian Priory due to its position on the ancient road from Chester to London and the availability of a permanent supply of clean water from Scotch Brook.

The development of Stone as a medieval market town had its origins in the presence of the Priory and the market charter, granted by Henry III in 1251. A trading community began to develop around regular markets and fairs and is reflected in the layout of the town centre which has several long and narrow 'luggage tenements' stretching back on both sides of the High Street.

The Priory was destroyed during the 'dissolution of the monasteries' but Stone continued to thrive and during the 17th and 18th centuries became an important transport centre between London and the North and Ireland with as many as 38 coaches arriving daily at several bustling inns. Its growth accelerated following the construction of the Trent and Mersey Canal during the 1770's, an event which turned the town, according to one contemporary report, into 'a busy inland sea port'.

### ★ GRANVILLE SQUARE

Granville Square had been known as Pump Square but was renamed in honour of Granville Leveson-Gower, 2nd Earl Granville, a Victorian statesman and Lord of Stonepark and features in many photographs of historic Stone. It is overlooked by a large plane tree planted in 1901 to commemorate the coronation of King Edward VII. The Square is the site of Stone's War Memorial designed by sculptor Albert Toft and unveiled in January 1921 by Lord Dartmouth, Lord Lieutenant of the County. The original plaques bear the names of the 126 Stone men who lost their lives during the WW1. Later plaques were added in memory of those lost during WW2. Behind the Square lies the 'Poste of Stone', originally the town's General Post Office.

### ★ THE CROWN HOTEL

The Crown Hotel stands at the centre of the High Street adjacent to Market Square and is a 3 storey Grade II\* listed Georgian building dating to 1778. Earl Gower of Trentham commissioned architect Henry Holland to draw up plans for the Hotel after the original had been destroyed by fire. Originally known as the Crown Inn, the hotel was the venue for the formation of the Trent and Mersey Canal Company and an important staging post for passenger and mail coaches travelling the London-Holyhead and London-Carlisle routes.

The Hotel was once owned by John Joule & Sons and has seen visits by many notable persons and celebrities including footballers, stars of stage and screen and politicians from the U.K. and overseas.

### ★ CUMBERLAND HOUSE

Cumberland House is situated in the (lower) High Street and is a fine example of a 3 storey Grade II listed Georgian town house with an imposing entrance surrounded by Doric half-columns. Note the 'candle snuffer' to the right of the main entrance.

It was named after Prince William, Duke of Cumberland who lodged there in 1745 when his army camped on the 'Common Plot' before moving to intercept a Jacobite army advancing southwards towards London. Cumberland House is now home to a GP Practice.

### ★ ST MICHAEL & ST WULFAD CHURCH

St Michael and St Wulfram is the parish church of Stone. It is Grade II\* listed and built in 1758 to replace the old Priory Church. It is a fine example of an 18th Century church in the Early Gothic Revival style with many surviving fittings and an excellent collection of Kempe glass. The church also contains the 12th century seal matrix from Stone Priory and a painting of St. Michael by portraitist Sir William Beechey. At the rear of the church is the Jervis Family Mausoleum containing the remains of the famous naval hero John Jervis, Earl of St. Vincent, victor at the battle of Cape St. Vincent.

There is also a fine memorial to him surmounted by a bust by leading portrait sculptor, Sir Francis Chantrey.

Brewing had taken place in Stone since the foundation of the Priory and now expanded with the opening of 2 local breweries, John Joule and Sons (1780) and Montgomery & Co. Boot and shoe-making also developed rapidly and by 1851 there were 16 manufacturers of footwear located in the town, supplied by tanneries situated at the south end of Crown Street.

The arrival of the railway in the 1830's provided another boost to growth and Stone became a desirable location for those wishing to escape the increasing pollution of the major conurbations.

Modern day Stone is a vibrant canal and market town with a strong community spirit and notable heritage assets. Its historic centre comprises mainly Georgian and Victorian buildings and monuments, more than 50 of which are listed by Historic England.

Stone offers the visitor an interesting range of shopping and leisure experiences, including popular festivals and events and the opportunity to explore its parks, canal and riverside walks and the Crown Meadow Nature Reserve.

### ★ OLD JOULE'S BREWERY WAREHOUSE

The former 'Ale Stores and Stables' situated alongside the Trent & Mersey Canal were originally constructed in 1881 for the canal company but later acquired by local brewer Joule and Sons.

They illustrate the importance of canal and horse drawn transport during a period when Joules sold their beers throughout the U.K. and exported to North America and Australia. The canal was used for transport to the ports of Liverpool and Hull for onward shipment.

The buildings are Grade II listed and constructed of red brick with decorative bandings in Staffordshire blue brick. There is a lintel inscribed 'John Joule & Sons, 1881' and 5 loading bays. In the upper gable of each is a roundel and red cross illustrating the use of branding during the period. The buildings are now an Engineering Works.

### ★ WORKHOUSE BRIDGE & CHRISTINA SCULPTURE

Workhouse Bridge (No. 94) is Grade II listed and designed by the engineer James Brindley. It was completed between 1771 and 1772.

The bridge comprises an elliptical arch with plastering and a brick parapet. It connected the Town Centre with the old Stone Workhouse which now houses private residences. The small sculpture on the bank to the right

commemorates Christina Collins who took passage in July 1839 from Preston Brook to London. The boat's crew took to drinking. She feared for her safety and reported her concerns to the Toll Office in Stone. Continuing on her journey she was raped and thrown overboard between Stone and Rugeley. Two of the crew were hanged for her murder at Stafford and a third transported to Australia.

### ★ OLD WALTON BRIDGE

Old Walton Bridge spans the River Trent on Stafford Street. It is a Grade II listed stone built structure dating to medieval times with elements of 17th or 18th rebuilding.

It comprises 2 main arches and 3 smaller flood arches to the sides and is approximately 60m long and 5m wide.

It was superseded by a new wider road bridge in 1984 after increasing traffic flows became restricted by its width.

The bridge can be approached across the Crown Meadow Nature Reserve or along Stafford Street past Westbridge Park.

## Town Council

Stone Town Council is the local council representing the urban area of Stone. It comprises eighteen elected Councillors, five representing St Michael's Ward, five representing Stonefield and Christchurch Ward, five representing Walton South Ward and three representing Walton North Ward.

Council and committee meetings are held in the Council Chamber at 15 Station Road, Stone, normally on the first and third Tuesdays of each month. Details of all meetings are posted outside the Council offices and on the notice board in the High Street. Members of the public are welcome to attend meetings and, with prior notice to the Town Clerk, address the Council on issues related to Council business.

Stone Town Council provides services for the people and town of Stone. These services include the provision of community facilities, such as the Frank Jordan and Stone Station community centres, allotment sites at Newcastle Road and Mount Road and the Crown Meadow Nature Reserve and amphitheatre.

The Frank Jordan Community Centre has been internally renovated, and offers modern meeting/party facilities with a fully equipped kitchen and private parking, all protected by CCTV. The Stone Station Community Centre is based in the former Stone Station building and also offers a high standard of accommodation for meetings, events or parties in one of Stone's most iconic buildings.

In December 2024 the Council opened the new Heritage Centre, which forms part of the exciting redevelopment of Crown Wharf.

Investing in and working to promote a vibrant town and encourage visitors is a key Town Council priority. In order to support this, the Council organises regular events such as the Town Market, and the monthly Craft Market, together with town centre events such as the Music Festival, the Classic Car Event and the St. George's

Day celebration. Christmas lights are provided in the High Street and at Walton, with the Council's annual switch-on event being one of the highlights of the year. The High Street environment is enhanced by the Council's provision of hanging baskets and bunting along the High Street, and newly refurbished noticeboards and fingerposts throughout the town.

The Council provides bus shelters, benches, litter bins and dog bins throughout the area and takes responsibility for the upkeep of many local amenities and planted areas. It also provides grants and other support to help charitable and community organisations such as the Stone Community Hub, supports various festivals, and Council staff supply daily support and advice to local residents.

By considering the impact of every planning application, the Council seeks to develop and conserve the town, and the approval of its Neighbourhood Plan in May 2021 will help the Council to shape and protect the future of Stone for years to come.

The Town Council's market operates on Tuesdays, Fridays and Saturdays with its Craft and Collectables market on the third Saturday of each month. In addition, Stafford Borough Council operate a thriving Farmers' Market in the town on the first Saturday of each month alongside the Town Council market.

For enquiries related to the Town Council's markets, or for bookings at the Frank Jordan Community Centre or Stone Station Community Centre, please contact the Council office, on 01785 619740 or email [bookings@stonetowncouncil.gov.uk](mailto:bookings@stonetowncouncil.gov.uk)

Your councillor is the person elected every 4 years to represent your area. They can help if you are dissatisfied with a council service by advising or directing you to someone who can help sort out your problem and can sometimes progress the case on your behalf.

This is often done in advice surgeries where you can meet with the councillor for your ward and discuss your problem.

As community leaders they put forward proposals to improve their ward, which may include bringing together different community groups to develop a case for change.

## How To Become A Local Councillor

A parish council is the tier of local authority closest to its community as it elects representatives from within that community. Parish councils are democracy on your doorstep. Anyone can stand as a candidate provided they meet the qualification requirements or you can find out more by contacting the local borough electoral services department.

### You should be:

- Aged over 18.
- A British, Commonwealth citizen, or Euro-national citizen (who is a registered elector)
- Resident for 12 months prior to the day of election, either in the parish or within 3 miles of the boundary.
- Occupied land or premises for 12 months as owner or tenant – either in the parish or within 3 miles of the boundary
- Had a principal place of work – either in the parish or within 3 miles of the boundary.

### You cannot become a councillor if:

- You hold a paid office with the council.
- If you are subject to a bankruptcy restrictions order or an interim order creates disqualification which dates from the judgement or execution and generally ends one year after the relevant order is made.
- If you have within five years before the election or since election been convicted in the United Kingdom, the Channel Islands or the Isle of Man of any offence and been sentenced to not less than three months imprisonment (whether suspended or not) without the option of a fine.
- Imprisonment probably includes any type of custodial sentence.
- This disqualification begins when the ordinary period for making an appeal is finally dismissed or abandoned or fails for want of prosecution.

You can get further information from the Staffordshire Parish Councils' Association website at

# THE STONE & ECCLESHALL *Gazette*

The Stone & Eccleshall Gazette is hand delivered bi-monthly to 13,400 homes in Stone, Eccleshall and the surrounding areas.

The Gazette and My Village Voice are both 'editorially led', and it's local editorial content that is at the heart of what we do. An abundance of quality, local editorial is the reason readers will keep a free magazine.

Some of our advertisers have been with us for over the 20 years we have been publishing, and on any given month, up to 80% were in the previous edition.

## MY VILLAGE VOICE

My Village Voice is our sister publication, it has the same ethos as The Gazette, in terms of strong local editorial content, but is delivered to homes and businesses within villages to the south of Stafford.

5,400 copies are hand delivered bi-monthly to Acton Trussell, Bednall, Bradley, Brocton, Church Eaton, Colwich, Coppenhall, Dunston, Derrington, Haughton, Marston, Milford, Seighford, Great Haywood, Little Haywood and Walton on the Hill.

## THE ST15 DIRECTORY

The ST15 Directory is an annual directory, produced by The Stone & Eccleshall Gazette.

10,000 copies are delivered each year in late January, to homes and businesses within the ST15 postcode area. B5 in size it has a strong laminated cover, making it perfect to keep all year round.
